3.2. When you visit our website, our web server will temporarily record the domain name or IP address of the requesting computer, the access date, the file request of the client (file name and URL), the HTTP response code and the website from which you are visiting us, the number of bytes transferred during the connection and, if applicable, other technical information that we use and statistically evaluate for the technical implementation of the website's use (delivery of the content, guaranteeing the website's functionality and security, protection against cyberattacks and other abuses).

This processing will take place for the fulfilment of the existing contract of use with you, as far as it serves the purpose of the technical implementation of the website's use (legal basis for processing: Art. 6 no. 1 lit. b) of the GDPR) and to otherwise protect our legitimate interest in making our website as user-friendly, safe and attractive as possible and in promoting the investment in KanAm funds and our services (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR). We will assume that your interests do not conflict with this, because the measures described below are taken in order to limit processing to an appropriate degree.

If you provide us with personal data via the website for a purpose beyond the use of the website, such as sending an offer or information, we will also store and process this data for this purpose. 4. Processing of Investor Information

In this Section we will inform you how we process and use personal data of investors in closed-end KanAm funds and on the specific rights you have in this respect:

4.1. Our Role

We are retained by the fund management to provide the complete investor relations management for the closed-end real estate funds of KanAm in Germany and in the USA ("US funds"). Investors in the US funds should in particular take note of Sec. 4.4 below.

We provide the complete investor relations management based on a service agreement with the fund. The investor relations management comprises the

facilitation of the initial investment, the administration of payment of the contributions, the administration of investor and investment information, offering information and consultation to the investors, the preparation and organisation of the investor assemblies or resolutions, supporting the management in drafting the annual reports or other information, responding to inquiries made by investors in writing or by phone, the facilitation of dividend payments, the administration of transfers of interests, providing support with respect to accounting and taxation, administering the tax service for tax filings abroad and the organisation of other measures within the scope of the fund documentation.

As part of the investor relations management, we will set up an investor account in our investor database. The investor account contains your master data (name, address(es), phone number(s), e-mail address(es), account information, tax information etc.). All documents and events with respect to the investment such as information on funds in which you are invested (KanAm or other), on the broker or service provider who is responsible for your investment, investments, subscriptions, history of dividends and other payments received or made, taxes paid, development of you capital account, as well as any correspondence, including notes on oral discussions, and any documentation we may receive from you in the context of dealings with third parties such as banks, tax advisors or authorities or in order to establish investment related events such as transfer (with or without compensation) or inheritance of interests, will then be stored in, or linked to, this investor account. The master data and all documents and information stored in, or linked to, your investor account are herein also referred to as your “investor information”. We collect, store and process investor information as described hereinbelow.

4.2. *Processing for Investor Relations Management*

We collect, store and process investor information for the purpose of providing the investor relations management as described above. For this purpose we exchange investor information with the fund management and also service providers appointed by the fund management, such as:

- Auditors, tax advisors, legal advisors of the funds who receive investor information from us for the audit of the annual accounts and for providing tax advice;
- Banks as payment facilitators or trustees who receive investor information from us for the facilitation of dividend distributions and other payments;
- External management service providers who receive investor information from us for the provision of their services relating to accounting and financial planning.

We also provide investor information to foreign tax advisors on behalf of the investors who make use of the tax service.

The recipients set forth above receive investor information from us for the purposes of their services. These recipients will control all data they receive. They do not process such data on our behalf and we do not control such processing.

In addition, we provide investor information to service providers who create or post investor information. Such service providers act as our processors and we control the processing.

We process investor information to perform the contractual relationship between the investor and the fund on behalf of the fund (legal basis for processing: Art. 6 no. 1 lit. b) of the GDPR). Where investors make use of the tax service, they directly instruct us to transmit their investor information (legal basis for processing: Art. 6 no. 1 lit. b) of the GDPR).

4.3. *Processing for Other Purposes*

We also process and use your investor information in order to communicate with you outside of our investor relationship management services or other services. Such a contact may take place where you contact us to obtain an overview of funds held or dividends received but it may also be initiated by us, for example in order to offer additional investment opportunities to you. For this purpose we may analyse your investment portfolio and your history of investments made and dividends received in order to offer you information and opportunities relevant to your needs. We will, however, provide such information to our sales partners only with your express consent.

Such processing serves to protect our legitimate interest in being able to respond to your inquiries, and in promoting the investment in KanAm funds and our services by offering you investment products and/or services in line with your interests (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR)

You can object to the use of your data for direct marketing purposes at any time (cf. Section 10.7).

Finally, we will also store and process investor information to protect our legitimate interest in documenting agreement and communications for the establishment, exercise or defence of legal claims (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR) as well as fulfilling statutory documentation and document retention obligations (legal basis for processing: Art. 6 no. 1 lit. c) of the GDPR).

4.4. *Transfers to Unsafe Third Countries and Guarantees*

If you are a US fund investor, we will naturally exchange your investor information with the US fund management and also with service providers established in the USA who are retained by the fund. If you elect to use the tax service, we will also provide your investor information to the foreign tax advisors on your behalf.

The USA are considered an Unsafe Third Country. In view of the fact that the data exports mentioned above are necessary for the performance of a contract to which you are a party or which has been concluded in your interest, and the recipients of your investor information control all data they receive and will not process such data on our behalf, we are not obligated, and have not taken any steps, to implement any guarantees for an adequate level of protection (legal basis for processing: Art. 49 no. 1 lit. a) - c) of the GDPR).

4.5. Additional Recipients, Retention Period and Deletion

We also refer to Sections 8 et seq. for further information regarding the possible recipients and retention periods of the above information.

5. Processing of Business Partner Information

In this Section we will inform you about how we process and use personal data of our sales partners and business partners (collectively "business partner(s)") and on the specific rights you have in this respect.

When a business relationship is established, we will set up a partner account in our partner database. The partner account contains your master data (name, address, account etc.). All correspondence and documents (correspondence, orders, contracts, complaints, etc.) within the scope of the business relationship will then be stored in, or linked to, this partner account.

We will store and process the above information to perform the respective contractual relationship with you, and also to contact you regarding opportunities for additional business.

We do this to perform the respective contractual relationship with you (legal basis for processing: Art. 6 no. 1 lit. b) of the GDPR) on the one hand, and, on the other hand, to preserve our legitimate interest in improving our deliveries and services and in promoting the investment in KanAm funds and our services, and also in documenting contractual agreements and correspondence for establishing, exercising or defending related legal claims (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR) as well as fulfilling statutory documentation and document retention obligations (legal basis for processing: Art. 6 no. 1 lit. c) of the GDPR).

You can object to the use of your data for direct marketing purposes at any time (cf. Section 10.7).

We also refer to Sections 8 et seq. for further information regarding the possible recipients and retention periods of the above information.

6. Processing of Data of Prospective Investors or Business Partners

In this Section we will inform you about how we process and use the personal data in relation to you that we collect when you express an interest in investing in a KanAm fund or establishing a business relationship with us and on the specific rights you have in this respect.

If you express your interest in investing in a KanAm fund or establishing a business relationship with us by making an enquiry (e.g. at a trade fair or conference, or by e-mail), we will store your contact data and the subject of your interest in our general address database.

We will store and process this data in order to process your inquiry and also to contact you regarding similar investment products or services. This serves to protect our legitimate interest in improving our deliveries and services to meet your individual requirements, in promoting the investment in KanAm funds and our services, and in being able to offer you investment products and/or services in line

with your interests (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR).

If a business relationship is established, or if you invest in a fund we administer, the data will be transferred to our customer database (cf. Section 5). If no investment or business relationship is established, the data will be deleted one year after the last correspondence with you.

You can object to the use of your data for direct marketing purposes at any time (cf. Section 10.7).

We also refer to Sections 8 et seq. for further information regarding the possible recipients and retention periods of the above information.

7. Processing of Applicant Data

- 7.1. In this Section we will inform you how we process and use personal data in relation to you that we collect in connection with applications for employment with our company or other entities within our group of undertakings and on the specific rights you have in this respect.
- 7.2. If you send us your application documents via the general contact form or by e-mail, you should be aware that such transmission is not effectively protected against unauthorised access. We will therefore never ask you to send us your application documents exclusively in this way. We recommend that you submit your application documents only by post or via the secure connection we have provided for this purpose.
- 7.3. If you register with us as an applicant and send us application documents in printed or electronic form, we will store and process your contact data, your application documents (in printed or electronic form) and all documents and records concerning you which are created in the course of the application process (all these data and documents will be collectively referred to subsequently as "applicant data") for the duration of the application procedure, and for the purpose of performing the application procedure (legal basis for processing: Art. 6 no. 1 lit. b) of the GDPR).
- 7.4. We do not normally require special categories of personal data for the application process. We kindly ask you not to include such data in your application documents. Where such data are relevant in exceptional circumstances, we will process them together with other applicant data. This may include information on job restrictions based on pregnancy or health issues or information on disabilities in view of our special legal obligations vis-à-vis the disabled. In these cases we process your data for carrying out obligations and exercising specific rights in the field of employment and social security and social protection law (legal basis for processing: Art. 9(2)(b) of the GDPR in conjunction with Section 26 of the German FDPA) and/or for the assessment of your working capacity (legal basis for processing: Art. 9(2)(h) in conjunction with Section 22(1)(b) of the German FDPA).
- 7.5. Where during the application process you provide information or documents which are not strictly necessary for the application process, we process such information or documents within the scope of your consent (legal basis for processing: Art. 6 no. 1 lit. a) of the GDPR).
- 7.6. If the application is successful, the applicant data will continue to be stored and

used as part of your personnel file in order to perform the employment contract.

- 7.7. If the application process is not successful, we will return or destroy printed application documents to you and will retain copies of them and all other applicant data for another six months after completion of the application process and will then delete or anonymize them. The storage of these data and documents serves to protect our legitimate interest in establishing, exercising or defending legal claims in connection with the application procedure, particularly if we need them as evidence in our defence against the assertion of discrimination in the selection process (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR).

8. General Information on Recipients, Categories of Recipients and Transfers

- 8.1. We process (prospective) investor and business partner data as well as applicant data in the context of “know your customer”, anti-corruption, anti-money laundering, anti-terror and export control or similar screenings or audits in order to perform our compliance obligations and give effect to our compliance policies. The legal basis for such audits and screenings is the fulfilment of a legal obligation, where they are legally required (legal basis for processing: Art. 6 no. 1 lit. c) of the GDPR), and otherwise our legitimate interest in avoiding business relationships which we consider to violate our ethical standards (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR).
- 8.2. Our data protection officer will have access to your data as necessary for the consummation of its data protection tasks. The data protection officer is under a statutory obligation of confidentiality.
- 8.3. All of our servers and databases may be operated, maintained or further developed by additional processors or other contractors. They may have access to your data.
- 8.4. We may use third party service providers for the archiving and/or destruction of documents. They will have access to your data.
- 8.5. Where we store and process data for the consummation of contracts, we may pass these data on to agents and contractors we employ for such consummation (e.g. to carriers for transportation purposes).
- 8.6. Where we store and process data for communication with you, we may use additional processors or contractors in order to process or transmit correspondence with you (e.g. letter shops), who will then have access to your data.
- 8.7. We may also retain consultants or advisors such as legal, tax or business consultants. They may have access to your data.
- 8.8. Where we use contractors of the categories listed hereinabove to handle your data on our behalf, we have concluded, or will conclude prior to such processing, a contract processing agreement with the contractor to ensure that personal data is processed only on our behalf and in accordance with our instructions. Where the data are not processed on our behalf, we will enter into appropriate confidentiality agreements with the contractors.
- 8.9. We will transfer your personal data to competent law enforcement, regulatory or other authorities, institutions or bodies if we are legally obligated to do so (legal basis for processing: Art. 6 no. 1 lit. c) of the GDPR) or if we have a legitimate

interest in averting coercive measures of such authorities, institutions or bodies within the scope of their legal authority (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR). Such legally required or necessary transmissions are not the subject of this Privacy Statement.

9. General Information on Retention Periods and Anonymisation

- 9.1. We have enacted a data retention and deletion policy in order to ensure that personal data are only stored for as long as necessary for their purpose.
- 9.2. Our data retention and deletion policy takes account of the principle that personal data should be retained for limited periods even after the original purpose has become obsolete, in order to preserve our legitimate interest in preventing unintentional deletions, in enabling the establishment, exercise or defence of legal claims and in rendering the administration of retention and deletion periods practicable (legal basis for processing: Art. 6 no. 1 lit. f) of the GDPR). We assume that your interests do not conflict with this, because these additional retention periods are appropriate with respect to the interests to be protected.
- 9.3. Unless detailed information on deletion periods has already been provided above, the following general deletion periods will apply in accordance with our data retention and deletion policy. Where data fall under several different deletion periods, the longest will always apply:
 - 9.3.1. We will retain investor information for the duration of the investment in a fund administered by us. After the end of the investment, such data will continue to be retained for as long as these data are necessary for the maintenance of the database account and for the administration of documents or data relating to the investor which fall into any of the categories identified hereinbelow. Otherwise such data will be deleted after expiry of one year.
 - 9.3.2. We will retain data on business partners for the duration of the business relationship. After the end of the relationship, such data will continue to be retained for as long as these data are necessary for the maintenance of the database account and for the administration of documents or data relating to the business partner which fall into any of the categories identified hereinbelow. Otherwise such data will be deleted after expiry of one year.
 - 9.3.3. For compliance with the statutory retention period for commercial letters and tax documents we will retain correspondence for seven years and invoices and other booking documentation for 11 years.
 - 9.3.4. We will retain contract-related data and documents for 11 years after the end of the contractual relationship in view of the statutory limitation period for claims and statutory document retention obligations for booking receipts.
- 9.4. If the term "deletion" is mentioned in this Privacy Statement, we reserve the right to anonymise the relevant data record, such that it can no longer be assigned to you, instead of complete deletion
- 9.5. Anonymised data may be processed and used by us and our processors for an

unlimited period. The processing and use of anonymised data is not subject to the GDPR and is not the subject of this Privacy Statement.

10. Your Rights

You as the data subject have certain rights with regard to your personal data, which we will explain to you below:

- 10.1. **Right of Access and Information (Art. 15 of the GDPR)** - You have the right, where the statutory requirements are met, to request from us at any time, at no cost, confirmation as to whether personal data relating to you is being processed, a copy of this data and comprehensive information on this personal data. This right extends in particular, without limitation, to the purposes of processing, the categories of personal data being processed, the recipients, the storage period and the origin of the data.
- 10.2. **Right to Rectification (Art. 16 of the GDPR)** - You have the right to request us to rectify incorrect and incomplete personal data concerning you without delay, where the statutory requirements are met.
- 10.3. **Right to be Forgotten (Art. 17 of the GDPR)** - You have the right to demand from us the immediate deletion of personal data concerning you, where the statutory requirements are met, if, among other reasons, their storage is no longer necessary or unlawful, if you revoke your consent on which their storage was based, if you have validly objected to their storage in accordance with Sections 10.6 et seq., if we are obligated to delete them for any other reason or if the data were collected as part of a web service. If we have made the data public, in addition to deletion of the data, we must also inform other controllers in such cases that you have requested the deletion of this data and all references thereto, insofar as this is reasonable in view of the available technology and the implementation costs. The above obligation does not apply in certain exceptional cases, in particular storage for the purpose of establishing, exercising or defending legal claims.
- 10.4. **Right to Restriction of Processing (Art. 18 of the GDPR)** - You have the right to request us, where the statutory requirements are met, to restrict the processing of personal data relating to you, for example if you dispute their accuracy, the storage is no longer necessary or is unlawful and you still do not wish to have it deleted or if you have filed an objection to the processing (Sections 10.6 et seq.) as long as it has not yet been established whether our legitimate reasons outweigh yours.
- 10.5. **Right to Data Portability (Art. 20 of the GDPR)** - If automated processing of personal data occurs solely on the basis of your consent or to fulfil a contract with you or to implement pre-contractual measures, you have the right to require us, subject to statutory requirements, to make available the personal data in relation to yourself that you have provided to you or to a third party you designate, if this is technically feasible, in a structured, current and machine-readable format and not to impede its transfer to a third party.
- 10.6. **Right of Objection (Art. 21(1) of the GDPR)** - You have the right to require us, where the statutory requirements are met, to no longer process personal data relating to you which we process for the performance of a task which is in the public interest or for the protection of our legitimate interests or those of a third party, if you

object to such processing for reasons which arise from your particular situation. In this case we must desist from further processing unless there are compelling grounds for processing which outweigh your interests or the processing is carried out for the establishment, exercise or defence of legal claims.

- 10.7. **Right of Objection to Direct Marketing (Art. 21(2) of the GDPR)** - You can object to the further processing of your personal data for direct marketing purposes at any time, and we will consequently refrain from processing them for this purpose. This also applies to profiling insofar as it is associated with such direct marketing.
- 10.8. **Automated Decisions (Art. 22 of the GDPR)** - We will not make any decisions without your consent which produce legal effects concerning you or similarly significantly affect you and that are based exclusively on automated processing (including profiling).
- 10.9. **Consents** - If you consent to processing, this is voluntary, unless we inform you otherwise in advance, and the refusal of consent will not be sanctioned. You can withdraw your consent at any time. The withdrawal of consent shall not affect the lawfulness of processing based on consent before its withdrawal. Processing on a legal basis other than your consent will also be unaffected by such withdrawal. However, you may also exercise the above statutory rights in this respect (e.g. the right of objection pursuant to Sections 10.6 et seq.). In particular, you may withdraw any consent to the use of your e-mail address or telephone number for direct marketing at any time and may object to any further use of your e-mail address or telephone number for this purpose at any time, free of charge (other than communication costs payable to your provider).
- 10.10. **Right to Lodge a Complaint** - You have the right to lodge a complaint with a supervisory authority. This may include, among others, the supervisory authority responsible for your place of residence or the supervisory authority generally responsible for us (Section 1.3).
- 10.11. **Contact** - You can contact us in any form to exercise your rights, in particular to withdraw any consent you may have given, and especially our data protection officer also. You may be required to identify yourself to us as a data subject to exercise your rights.

11. Security

We have implemented extensive, industry standard technical and organisational measures to protect your personal data from unauthorised access and misuse.
